

Driving Recommendations:

Both of these assume you are coming from the west side.

For those who take the exit onto 20th Avenue:

Once you get off the freeway and onto 20th avenue, I recommend heading north towards Argent Road, like you are heading towards the Pasco Airport. At the light that heads into the airport on Argent, take a left and head west down Argent. You will see a Circle K on your right and the school on your left. At the light, take a left onto the main entrance of the school. That road is called Saraceno Way (though I don't know if it is marked). I hope to have signage directing you on where to park, but the main parking is straight ahead. Take the right off the roundabout then the next left and you will be in the main parking for the school.

Parking is free in all white lined spaces on campus. Yellow lined spaces require a permit.

For those who take the exit onto Road 68:

Once off the freeway, take the right onto Road 68. Follow Road 68 south and it will eventually run into Argent Road. Take a left onto Argent. Follow Argent all the way until you get to Saraceno Way at which point follow the directions as shown above.

If you are coming from Spokane or Walla Walla area:

You are probably more familiar with this area than those from the westside but basically same directions just take a right on 20th Avenue once you get off the freeway, instead of a left. There's really only one freeway that runs through Pasco, technically. (we don't count highway 395)
